

Concise careers advice to give you the edge

Interview tips - Tell Me about Yourself

This is the most frequently asked question in interviews and getting it wrong can be lethal. There's no guarantee you'll be interviewed by a great interviewer. Some people are brilliant at their jobs but lousy interviewers! Often they dread it more than you.

This format gives you the opportunity to tell them some things about yourself that are really relevant that they might not even ask you.

THE 2 MINUTE CHAT

My name is I graduated from
(what subject) in (what year)

My career to date

.....
.....
.....

Most recently I
